

## Appendix to item 18

### **The Board of Directors' proposal on authorisation for the Board of Directors to resolve to issue new shares up to 10 per cent of the number of shares to use as payment for acquisitions**

---

The Board of Directors of Momentum Group AB (the "Company") proposes that the Annual General Meeting on 7 May 2026 resolves to authorise the Board, on one or more occasions during the period until the next Annual General Meeting, to decide to increase the Company's share capital by means of a new issue of shares, though such issues should not entail an increase in the Company's registered share capital or the number of shares in the Company by more than a total of ten (10) per cent, based on the Company's registered share capital or number of shares before utilising the authorisation. The new issue of shares may be performed with or without deviation from the shareholders' preferential rights and with or without provisions regarding non-cash issues or right of offset.

The purpose of the authorisation above and the reasons for the deviation from the shareholders' preferential rights are to improve the Company's opportunities to conduct or finance the acquisition of other companies, parts of companies or assets that the Board of Directors considers of value to the Company's operations, or in connection therewith strengthen the Company's own funds. Issues that deviate from the shareholders' preferential rights must establish the issue price on the basis of prevailing market situation at the time the shares are issued.

The Board of Directors and the President & CEO, or the person appointed by the Board, are entitled to make the minor adjustments in the decision that may be necessary in conjunction with their registration.

The resolution of the Annual General Meeting in accordance with the Board's proposal above requires the support of shareholders representing at least two-thirds of the votes cast and the shares represented at the Meeting.
